**Revised Remedial Investigation Workplan for AOC 10 Truck Loading Rack Approval**

Dear Mr. Park:

The New Jersey Department of Environmental Protection (Department) has completed a review of the Revised Remedial Investigation Workplan for AOC 10 Truck Loading Rack dated March 16, 2017 (as amended by the Response to Comments from Hess Corporation by letter dated August 15, 2017), submitted pursuant to: The Resource Conservation and Recovery Act (RCRA), Hazardous and Solid Waste Amendments (HSWA) Permit of 1994, and the NJDEP Technical Requirements for Site Remediation, N.J.A.C. 7:26E. The Department hereby approves the Revised Remedial Investigation Workplan for AOC 10 Truck Loading Rack, effective the date of this letter.

The Department understands the remedial investigation report will address all concerns and comments raised by the Department in the review of the earlier submission. Further, the workplan did not seek any variances from the Technical Requirements for Site Remediation, so all applicable regulatory requirements must be followed.

If you have any questions regarding this correspondence, please reach me by phone at (609) 292-0395, or email at [Phil.Cole@dep.nj.gov](mailto:Phil.Cole@dep.nj.gov).

Sincerely,

Philip Cole, Case Manager  
Bureau of Case Management
